

System Requirements for accessing NOA

You have access to our learning platform via internet browser or mobile apps.

The following browsers do support our functions:

MS **Edge**, Mozilla **Firefox** version 60 Extended Support Release (ESR) , Google **Chrome** 73, MS Internet **Explorer** 11 (not including compatibility modes), **Safari** 10 on OS X (learner frontend only)

Mobile Browser **Android** > 4 and **iOS** > 9 (learner frontend only)

The following browser settings must be observed:

- The storage of cookies must be permitted, as the IMC Learning Suite uses so-called "session cookies".
- JavaScript must be enabled.
- Pop-up blockers must be deactivated.

Mobile apps require:

Android: Minimum OS Version: 5.0, Maximum OS Version: 9.0

iOS: Minimum OS Version: iOS8, Maximum OS Version: iOS12
