

Polymer Seminar Series

Spring 2018 – Texas & Louisiana

09:00	Continental Breakfast
09:30	Welcome & Introduction to NETZSCH
09:45	Failure analysis of Polymers using DSC
10:15	Thermogravimetry for Plastics and Elastomers
10:45	Break
11:15	Special Content Polymer Presentation TBD
12:00	Lunch
13:00	Determining Polymeric Composition using TGA-Gas Analysis
13:30	Thermal Conductivity of Polymers
14:00	Break
14:30	Temperature-dependent mechanical characteristics of Polymers
15:00	DSC <i>Polyma</i> Demo – <i>SmartMode</i> , <i>AutoEvaluation</i> and <i>Identify</i> – New Dimensions of Thermal Analysis
15:30	Q&A
ca. 16:30	End
